

**FIRE & SAFETY,  
Make Your Team  
Battle Ready**

**BATTLE  
FOGGER**

For firefighters around the world, fire training is essential to establish operational readiness, ensuring they can perform during emergencies, when it counts the most. The **Battle Fogger** can be used to simulate dense smoke creating safe but realistic scenarios for executing training exercises.

*Be sure to look at our entire lineup of fog machines suitable for all types of fire and safety scenarios.*

The Industry Leading Manufacturer of  
Pyrotechnics, Fog, Low-Lying Fog, Haze, Bubbles,  
Snow and Dry Ice Machines for Over 25 Years!

MODELS	
CLF-4200	Battle Fogger 110V (Timer Remote Included)
CLF-4205	Battle Fogger 220V (Timer Remote Included)

SPECIFICATIONS	
Length:	22 in / 56 cm
Width:	9 in / 23 cm
Height:	10 in / 25 cm
Net Weight:	25 lbs / 11 kgs
Net Weight/w Fluid:	35 lbs / 16 kgs
Power Cord:	6 ft - 1.8 m
Heater Watts:	1,250 Watts
Rating	10 amps @110 volts @ 50/60 hz
Regulatory Compliance:	This product has been certified to CSA/UL Standards by QPS Canada Inc.

**QUICK DISSIPATING SMOKE FLUID**

This blend was created for training use in the fire fighting industry and is now extensively used for many other applications. This fluid creates a low lying smoke that will rise slowly.

**HEAVY SMOKE FLUID**

Our original fluid is used for many applications where a cloud of smoke is required with a medium hang time. Clean, white, dry and odorless smoke has made this the "professional's choice."

**LONGER LASTING SMOKE FLUID**

This formulation produces a clean, dry, odorless, slightly less white smoke that hangs in the air two to three times longer than our classic smoke fluid.

**WARRANTY**

Use Ultratec Special Effects Premium Fluids and you will have a Lifetime Warranty on the heat exchanger.
